Dear Mr. Wilson,

I represent Occidental Chemical Corporation with regard to the Diamond Alkali Superfund Site.

Please see the attached letter regarding Region 2's cash-out proposal for Operable Unit 2 of the Site. We would like to arrange a meeting with you to discuss Occidental's concerns with the cash-out, as expressed in the letter.

In the proposed meeting, we would also like to address an issue that has arisen with regard to a September 28, 2016 letter to Occidental (attached) that accompanied the final draft of the ASAO for Remedial Design for OU-2. An issue has been raised by Region 2 with regard to the application of the letter to proceeds from the Maxus bankruptcy. It would be convenient if both issues could be addressed at the same meeting.

Looking forward to discussing these issues.

Regards,

Larry
